

The Satiny Coiffure Service Release

I acknowledge that I have read and do understand and agree as stated below:

- I understand that the Satiny Coiffure is a straightening style option that is obtained by using heat on my hair.
- I understand that the use of heat has different effects on different hair types.
- I understand that the use of heat on my hair could result in my hair not reverting to its natural state. My curls could appear slightly or extremely looser from original form or the curl could be compromised all together. Leaving me with **straight hair** or **semi straight pieces**.
- I agree to hold the salon and its stylist(s) harmless in the event of unexpected or undesired results. I understand and agree that any further alterations or corrections will be provided at my own expense.
